

What do Catholic School principals in Butte, Grand Rapids, Providence, and Houston have in common?

Turns out a LOT!

We invited a small group of Catholic school principals from across the country to join our first leadership cohort back in 2019.

Over the ensuing two years, the principals worked together to develop and implement specific enrollment plans that included retention strategies and cost-effective communication plans for their schools.

When the pandemic hit, we watched the first cohort work together to create plans and share ideas for how to best meet their students' needs. They supported and encouraged each other through every challenge 2020 had to offer.
